DOES HEALING BELONG TO ME?

As many of you probably already know, we opened up a YouTube Channel in April. Pat Reynolds has been studying about healing in the Scripture for the past 35 years, and now is sharing it on YouTube.

You can find all of these sessions on the YouTube Channel of His Appointed Time ministries. If there is somebody that you know needs to hear about this, please share it. We would also appreciate it if you would go to our FB page and share this information on your personal FB profile, so more people can know about this and hear the truth.

The series has a total of 17 sessions.

1. Introduction.
2. The piano story.
3. Traditions of men.
4. Paul's thorn in the flesh part I.
5. Paul's thorn in the flesh part II.
6. Paul's thorn in the flesh part III.
7. How does healing come?
8. The power of our words.
9. Should we pray "if it be your will"?
10. Job part I
11. Job part II
12. Job part III
13. Why is it so hard for some to receive healing? Part I
14. Why is it so hard for some to receive healing? Part II
15. What then, if healing doesn't manifest?
16. Am I truly saved? And if so, how can I know for sure? Part I
17. Am I truly saved? And if so, how can I know for sure? Part II Is Jesus enough?

COVID-19 IN GUATEMALA

The first case of Covid-19 in Guatemala was reported on March 13, 2020. The Government restrictions included curfew hours and complete lockdown during weekends, public transportation closed and all non-essential businesses closed. All those restrictions affected a lot more those in extreme need, as they depend on public transportation.

Hospitals easily collapsed in Guatemala, as resources and doctors are very limited in the country, please pray with us for doctors, nurses and those serving with so little.

Guatemala started opening back up gradually in August, in town transportation opened back up, and non-essential businesses are open with many restrictions. Please pray with us for health for the people as places easily get crowded. With a low education level in general, and so much limitation on resources, it is hard to keep a safe distance among people. We continue helping to provide with food baskets for the most vulnerable, reaching remote villages through the pastors we have trained in the past. Malnutrition has always been an issue in Guatemala, and now the problem seems to be rising. As you support our ministry, you help us fight this problem and most importantly, share the gospel to those in need.

GERIZIM SCHOOL UPDATE

Schools cannot open yet. This has placed a challenge for all of our Gerizim community, students, teachers, and parents. A good majority of our students do not have internet connection at home, therefore our teachers are available at the school for appointments to help parents and students to do home school. However, not all the parents can help home school the children because they are at a lower educational level than their children. Some parents have health issues that do not allow them to go to the school.

Therefore, our teachers are visiting those students personally at their homes, taking all the precautions, and by doing so, we can assure that our students are learning and walking in the right direction.

We want to thank all of the sponsors who support Gerizim school. At this time of the year, we still need 12 sponsors to cover all of our children. If you, or somebody you know, would like to sponsor a student, please contact us at hatmguatemala@gmail.com. Sponsorship is \$360 yearly or \$30 monthly.

We want to thank you for your continuous support to our ministry. You have helped to make it possible for us to continue our ministry throughout these years.
